About me

As a former electrical engineer with strong problem-solving skills and a keen eye for detail, I decided to pursue my passion for web development and change my career. Recently graduated from an intensive React bootcamp, and now I am eager to join a dynamic team where I can apply my skills, collaborate with experienced developers, and continue to grow and develop as a front-end developer

My Projects

- **Demo • Sign-up form** React, styled-components
 - **Demo • Planet facts** React, styled-components
 - **Demo • IP address tracker** React, styled-components
 - **Demo • Clock app** React, styled-components
 - **Demo • To-do app** React, CSS modules
 - **Demo • Git-hub user search app** React, CSS modules
 - **Demo • Interactive card details form** React, CSS modules
 - **Demo • Tip calculator app** React, CSS modules
-
